Progress in Meeting the 5-Year Goals & Objectives**

The Board and Staff of the Vandalia Housing Authority are continually cognizant of the Goals and Objectives of the Housing Authority as set forth in the 5-Year plan prepared for fiscal year 2001. Those goals that have not been completely achieved are carefully monitored for progress. New methods and actions are continually under study for achieving all goals and objectives.

Attachment G: **Voluntary Conversion**

Voluntary Conversion of Public Housing Developments Required Initial Assessment

Housing Authority of the City of Vandalia, Missouri

As required by 24 CFR part 972 – Conversion of Public Housing to Tenant-Based Assistance we have:

1. Reviewed each development's operation as public housing;
2. Considered the implication of converting the public housing to tenant-based assistance; and
3. Concluded that the conversion of the developments may be:
 - Appropriate because removal of the development would meet the necessary conditions for voluntary conversion; or
 - In appropriate because removal of the development would not meet the necessary conditions for voluntary conversion

Necessary conditions for voluntary conversion:
<ul style="list-style-type: none"> • Not be more expensive than continuing to operate the development (or portion of it) as public housing; • Principally benefit the residents of the public housing development to be converted and the community; and • Not adversely affect the availability of affordable housing in the community

DEVELOPMENT NUMBER	DEVELOPMENT NAME	DEVELOPMENT EXEMPTED?	CONVERSION APPROPRIATE?
MO179001		No	No
MO179002		No	No

August 22, 2001
Voluntary Conversion of Public Housing Developments
Required Initial Assessment

We have reviewed the possible conversion of our two public housing developments, are – MO179001 and MO179002, to tenant based assistance and have determined that such conversion does not meet the criteria for such conversion.

1. We are unable to determine any cost advantage of a conversion to tenant based assistance.
2. The conversion would have negative impact on the residents of the developments. The Housing Authority currently receives approximately \$10,000 in operating subsidy and approximately \$140,000 in Capital Fund Program funding from HUD, which would be lost if the developments are converted to tenant based assistance.
3. The conversion would adversely affect the availability of affordable housing in the community. Current average rent for all units in the development is approximately \$155.00 per unit per month. Average rent would have to increase to approximately \$350 per unit per month to makeup for the loss of subsidy and Capital funding.
